The World Wide Fund for Nature (WWF) Cameroon Seeks a Mechanic-Driver

Want to make a positive difference to the future of people and our one shared home, the Earth?

Working with WWF could be your opportunity of a lifetime:

All around the world, people are waking up to the deepening crisis of nature loss. A growing realization that nature is our life-support system. And that nobody will be spared from the impacts of its loss. Here at WWF, we are helping to tackle this enormous global challenge.

Our people come from hugely diverse backgrounds and with a variety of expertise, ranging from HR and finance to advocacy and conservation science. We welcome applications from anyone who believes they can help us create a better future for people and wildlife.

What we do:

We are an independent conservation organization, striving to sustain the natural world for the benefit of people and wildlife. From individuals and communities to business and government, we are part of a growing coalition calling on world leaders to set nature on the path to recovery by 2030. Together, we seek to protect and restore natural habitats, stop the mass extinction of wildlife, and make the way we produce and consume sustainable.

For our Lobeke office in Cameroon, we are looking for a dynamic and committed Mechanic Driver who will provide support to Finance & Administration Department activities.

Reports to

Logistics Assistant

Location

WWF CCPO Jengi Southeast Forest (JSEF)- Lobeke TNS Component

Mission of the Department:

The mission of WWF CCPO JSEF is to ensure sustainable management of natural resources in Southeast Cameroon through participatory management practices involving all stakeholders and contributes to improving the living conditions of the local people. This includes (1) negotiation of macro-zoning plan (with protected area, forest and hunting concessions, agroforestry zone,...), (2) development of basic infrastructure and preparation of management plans for three protected areas (Lobeke, Boumba Bek and Nki) that cover 6,380km² of biologically important moist evergreen and semi-deciduous closed forest, with high densities of elephants, western lowland gorillas, chimpanzees and bongos, (3) support to concessionaries in the implementation of sustainable practices, and (4) assistance in setting in place Community Based Organizations to insure full participation of local population in natural resource management and the contribution of those resources to poverty alleviation.

Major functions:

The Mechanic Driver is responsible for the over all maintenance and technical follow up of the status of all program vehicles and motorbikes.

Ensure the efficient and cost-effective maintenance and repair of the Lobeke National Park vehicles, motorbikes and engine boats.
